Warnings and Precautions

TO PREVENT FIRE OR SHOCK HAZARDS, DO NOT EXPOSE THIS UNIT TO RAIN OR MOISTURE.

This symbol, located on back or bottom of the unit, is intended to alert the user to the presence of uninsulated “dangerous voltage” within the product’s enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This symbol, located on back or bottom of the unit, is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

This product utilizes a Class 1 laser to read Compact Discs. This laser Compact Disc Player is equipped with safety switches to avoid exposure when the CD door is open and the safety interlocks are defeated. Invisible laser radiation is present when the CD Player’s lid is open and the system’s interlock has failed or been defeated. It is very important that you avoid direct exposure to the laser beam at all times. Please do not attempt to defeat or bypass the safety switches.

CAUTION: TO PREVENT ELECTRIC SHOCK, MATCH WIDE BLADE OF PLUG TO WIDE SLOT, FULLY INSERT.

To reduce the risk of electric shock, do not remove cover (or back). There are no user-serviceable parts inside. Please refer any servicing to qualified service personnel.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

WARNING: Danger of explosion if the remote control’s batteries are incorrectly installed. Replace only with the same or equivalent battery.

WARNING: The remote control’s button cell battery contains mercury. Do not put in the trash, instead recycle or dispose of as hazardous waste

WARNING: Lithium ion batteries, like all rechargeable batteries are recyclable and should be recycled or disposed of in normal household waste. Contact your local government for disposal or recycling practices in your area. They should never be incinerated since they might explode.

WARNING: Use of this unit near fluorescent lighting may cause interference regarding use of the remote. If the unit is displaying erratic behavior move away from any fluorescent lighting, as it may be the cause.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Important Safety Instructions

1. Read Instructions - All the safety and operating instruction should be read before the product is operated.
2. Retain Instructions - The safety and operating instruction should be retained for future reference.
3. Heed Warnings - All warning on the product and in the operating instructions should be adhered to.
4. Follow instructions - All operating and use instructions should be followed.
5. Cleaning - Unplug this product from the wall outlet before cleaning. Do not use liquid cleaners or aerosol cleaners. Use a damp cloth for cleaning.
6. Attachments - Do not use attachments not recommended by the product manufacturer as they may cause hazards.
7. Water and Moisture - Do not use this product near water - for example, near a bath tub, wash bowl, kitchen sink, or laundry tub; in a wet basement, or near a swimming pool, and the like.
8. Accessories - Do not place this product on an unstable cart, stand tripod, bracket, or table. The product may fall, causing serious injury to a child or adult, and serious damage to the product. Use only with a cart, stand, tripod, bracket, or table recommended by the manufacturer, or sold with the product. Any mounting of the product should follow the manufacturer's instructions, and should use a mounting accessory recommended by the manufacturer.
9. A product and cart combination should be moved with care. Quick stops, excessive force, and uneven surfaces may cause the appliance and cart combination to overturn.
10. Ventilation - Slots and openings in the cabinet are provided for

ventilation and to ensure reliable operation of the product and to protect it from overheating, and these openings must not be blocked or covered. The openings should never be blocked by placing the product on a bed, sofa, rug, or other similar surface. This product should not be placed in a built-in installation such as a bookcase or rack unless proper ventilation is provided or the manufacturer's instruction have been adhered to.

11. Power Sources - This product should be operated only from the type of power source indicated on the marking label. If you are not sure of the type of power supply to your home, consult your product dealer or local power company. For products intended to operate from battery power, or other sources, refer to the operating instruction.

12. Grounding or Polarization - This product may be equipped with a polarized alternating-current line plug (a plug having one blade wider than the other). This plug will fit into the power outlet only one way. This is a safety feature. If you are unable to insert the plug fully into the outlet, try reversing the plug. If the plug should still fail to fit, contact your electrician to replace your obsolete outlet. Do not defeat the safety purpose of the polarized plug.

Alternate Warnings - This product is equipped with a three-wire grounding-type plug, a plug having a third (grounding) pin. This plug will only fit into a grounding-type power outlet. This is a safety feature. If you are unable to insert the plug into the outlet, contact your electrician to replace your obsolete outlet. Do not defeat the safety purpose of the grounding-type plug.

13. Power-Cord Protection - Power supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them, paying particular attention to cords at plugs, convenience receptacles, and point where they exit from the product.

14. Protective Attachment Plug - The product is equipped with an attachment plug having overload protection. This is a safety feature. See Instruction Manual for replacement or resetting of protective device. If replacement of the plug is required, be sure the service technician has used a replacement plug specified by the manufacturer that has the same overload protection as the original plug.

15. Outdoor Antenna Grounding - If an outside antenna is connected to the receiver, be sure the antenna system is grounded so as to provide some protection against voltage surges and built-up static charges. Article 810 of the National Electrical Code, ANSI/NFPA 70, provides information with regard to proper grounding of the mast and supporting structure, grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna-discharge unit, size of grounding conductors, location of antenna-discharge unit, connection to grounding electrodes, and requirements for the grounding electrode.

See figure:

16. Lightning - For added protection for this product during a lightning storm, or when it is left unattended and unused for long periods of time, unplug it from the wall outlet and disconnect the antenna or cable system. This will prevent damage to the product due to lightning and power-line surges.

17. Power Lines - An outside antenna system should not be located in the vicinity of overhead power lines or other electric light or power circuits, or where it can fall into such power lines or circuits. When installing an outside antenna system, extreme care should be taken to keep from touching such power lines or circuits as contact with them might be fatal.

18. Overloading - Do not overload wall outlets, extension cords, or integral convenience receptacles as this can result in a risk of fire or electric shock.

19. Object and Liquid Entry - Never push objects of any kind into this product through openings as they may touch dangerous voltage points or short-out parts that could result in a fire or electric shock. Never spill liquid of any kind on the product.

20. Servicing - Do not attempt to service this product yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel.

21. Damage Requiring Service - Unplug this product from the wall outlet and refer servicing to qualified service personnel under the following conditions:

- a) When the power-supply cord or plug is damaged,
- b) If liquid has been spilled, or objects have fallen into the product,
- c) If the product has been exposed to rain or water,
- d) If the product does not operate normally by following the operating instructions. Adjust only those controls that are covered by the operating instructions as an improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the product to its normal operation.
- e) If the product has been dropped or damaged in any way, and
- f) When the product exhibits a distinct change in performance - this indicates a need for service.

22. Replacement Parts - When replacement parts are required, be sure the service technician has used replacement parts specified by the manufacturer or have the same characteristics as the original part. Unauthorized substitutions may result in fire, electric shock, or other hazards.

23. Safety Check - Upon completion of any service or repairs to this product, ask the service technician to perform safety checks to determine that the product is in proper operating condition.

24. Wall or Ceiling Mounting - The product should be mounted to a wall or ceiling only as recommended by the manufacturer.

25. Heat - The product should be situated away from heat sources such as radiators, heat registers, stoves, or other products (including amplifiers) that produce heat.

In the Box

Portable DVD Player

Features

- DVD / CD Playback
- Plays DVD-R/RW, DVD+R/RW & JPEG Discs
- Plays CD/CD-R/CD-RW Audio Tracks
- Chapter / Title Search & Select
- Supports Multiple Languages and Language SubTitles
- NTSC
- Programmable CD Tracks
- Skip / Search Tracks
- Color Display Viewing Screen
- 7" TFT LCD Screen
- Dual Stereo Headphone Jacks
- Video/Audio Input Jack, 3.5mm type
- Video/Audio Output Jack, 3.5mm type
- Full-Feature Remote
- Uses CR2025 Button Cell Battery
- Dual Voltage AC/DC Adapter, 220V/50Hz & 110V/60Hz
- Rechargeable Battery built in
- Battery Life: Up to 2.5 Hours
- DC Car Adapter, included
- AC/DC Adapter
- DC Car Adapter
- Remote Control, Remote battery included
- 1-set Stereo Earbuds

Powering the Unit

Power the unit and charge the internal battery by plugging it into a standard AC (120V - 60Hz) Outlet.

Unit Battery Information

The internal battery can be charged by using the included AC/DC Adapter, or the DC Car Adapter.

With a full charge, the internal battery can last up to 2.5 hours.

Remote Battery Information

Danger of explosion if the remote control's batteries are incorrectly installed. Replace only with the same or equivalent battery. Battery type: CR2025

Playing a DVD

1. Press the **Open Button** to open the CD/DVD Drive.
2. Load a DVD into the CD/DVD Drive of the unit.
*The DVD will begin to play automatically. If the DVD does not begin to play automatically, press the **Play/Pause Button**.*
3. Press the **Play/Pause Button** to play or pause the DVD.
4. Press the **Stop Button** to stop the DVD during play.
5. Press the **F.BWD Button** to skip backwards through the DVD's chapters. Press and hold the **F.BWD Button** to search backwards through the DVD.
6. Press the **F.FWD Button** to skip forwards through the DVD's chapters. Press and hold the **F.FWD Button** to search forwards through the DVD.
7. Press the **Volume Buttons** to adjust the volume of the unit.

Playing a CD

1. Press the **Open Button** to open the CD/DVD Drive.
2. Load a CD into the CD/DVD Drive of the unit.
*The CD will begin to play automatically. If the CD does not begin to play automatically, press the **Play/Pause Button**.*
3. Press the **Play/Pause Button** to play or pause the CD.
4. Press the **Stop Button** to stop the CD during play.
5. Press the **F.BWD Button** to skip backwards through the CD's tracks. Press and hold the **F.BWD Button** to search backwards through an individual CD track.
6. Press the **F.FWD Button** to skip forwards through the CD's tracks. Press and hold the **F.FWD Button** to search forwards through an individual CD track.
7. Press the **Volume Buttons** to adjust the volume of the unit.

Programming a DVD

1. Insert a DVD into the unit. See the “Playing a DVD” operation on page 6.
2. After the DVD is inserted and loaded, press the **Program Button** on the remote control to display the Program Menu.
3. Use the **Directional Buttons** to move through the different program slots.
4. Highlight a slot and enter a Title (TT) number and Chapter (CH) number using the **Number Keypad** on the remote control. Repeat steps 3 and 4 until the desired titles and chapters are programmed.
5. Press the **Enter Button** on the remote to begin playing the programmed titles and chapters.

Programming a CD

1. Insert a CD into the unit. See the “Playing a CD” operation on page 7.
2. After the CD is inserted and loaded, press the **Program Button** on the remote control to display the Program Menu.
3. Use the **Directional Buttons** on the remote to move through the twenty different program slots.
4. Highlight a slot and enter CD track numbers using the **Number Keypad** on the remote control. Repeat steps 3 and 4 until the desired tracks are programmed.
5. Press the **Enter Button** on the remote to begin playing the programmed tracks.

Using the Video/Audio Output

When connecting two products using an RCA Cable, match the colored ports with the same colored connection. (Red to Red, White to White, and Yellow to Yellow)

1. Connect the 3.5mm - RCA Cable (not included) to the **AV Output** on the unit and the audio/video inputs on the Television.
 2. Turn the unit on by switching the **Power Button** to the On position.
 3. Change the television to the correct audio/video input setting.
 4. Audio and video played through the unit will now be seen and heard on the connected television.
-

Using the Video/Audio Input

When connecting two products using an RCA Cable, match the colored ports with the same colored connection. (Red to Red, White to White, and Yellow to Yellow)

1. Connect the 3.5mm - RCA Cable (not included) to the **AV Input** on the unit and the audio/video inputs on the DVD Player, Television, or Audio Device.
 2. Turn the unit on by adjusting the **Power Button** to the On position.
 3. Press and hold the **Stop/DVD/AV In Button** to switch to AV In Mode.
 4. Change the DVD Player, Television, or Audio Device to the correct audio/video output setting.
 5. Audio and video played through the DVD Player, Television, or Audio Device will now be seen and heard on the unit.
 6. Press and hold the **Stop/DVD/AV In Button** to switch the unit back to DVD Mode.
-

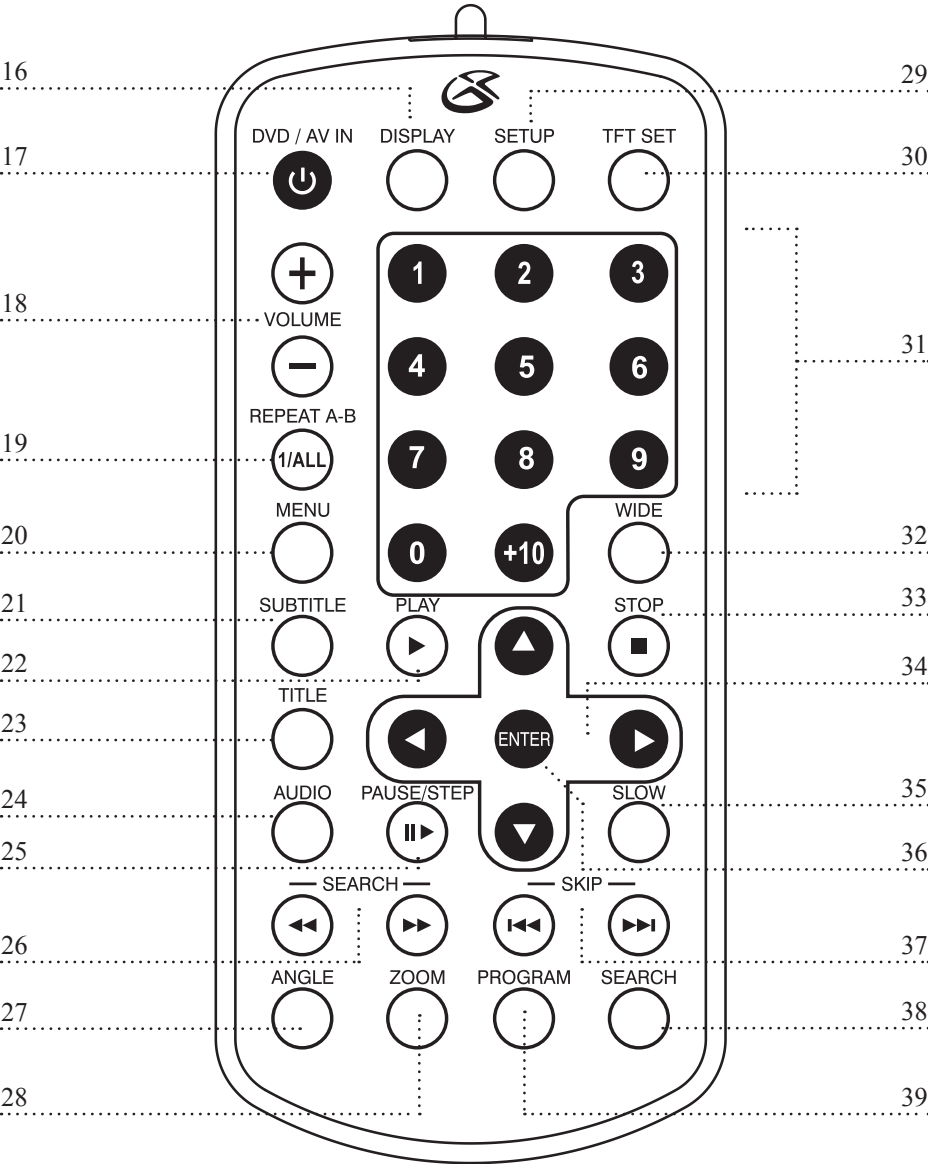

DVD Player, Television,
or Audio Device

Controls

Control Definitions

- 1 LCD Display**
7" TFT LCD Screen.
 - 2 DVD/CD Door**
Open the DVD/CD Door to expose the DVD/CD Drive.
 - 3 Headphone Jacks**
Connect headphones or earbuds to the Headphone Jacks to listen to the unit in private.
 - 4 Audio/Video Input and Output**
Use the Audio/Video Input and Output to connect the unit to a television, DVD Player, or other audio device. *See pages 8 and 9.*
 - 5 TFT On/Off**
The TFT On/Off switch turns the TFT Display off whenever the unit folds.
 - 6 F.FWD Button**
Press the F.FWD Button to skip through DVD chapters or CD tracks. Press and hold the F.FWD Button to search through a DVD or individual CD track.
 - 7 F.BWD Button**
Press the F.BWD Button to skip through DVD chapters or CD tracks. Press and hold the F.BWD Button to search through a DVD or individual CD track.
 - 8 Stop/DVD/AV In Button**
Press the Stop/DVD/AV In Button once to stop a DVD or CD during play. Press and hold the Stop/DVD/AV In Button consecutively to stop a DVD or CD and switch between DVD and AV In Mode.
 - 9 Play/Pause Button**
Press the Play/Pause Button to play or pause a loaded DVD or CD.
 - 10 Volume Buttons**
Press the Volume Buttons to adjust the volume of the audio output from the unit.
 - 11 Open Button**
Press the Open Button to open the DVD/CD Door.
 - 12 Charge Indicator Light**
When the Charge Indicator Light blinks red, the internal battery is being charged. If the Charge Indicator Light is not blinking, the internal battery is fully charged.
 - 13 Power Indicator Light**
When the Power Indicator Light is lit green, the unit is powered on.
 - 14 DC In (9V-12V)**
Use the DC In to connect the unit to an AC Outlet or a DC Car Outlet to power the unit.
 - 15 Power Switch**
Adjust the Power Switch to turn the unit off or on.
-

Control Definitions

16 Display Button

Press the Display Button to view the on screen display and see time information on the DVD or CD that is playing.

17 DVD/AV In/Power Button

Press and hold the DVD/AV In/Power Button to switch between DVD and AV In Mode, or press to turn the power off and on.

18 Volume Buttons

Press the Volume Buttons to adjust the volume of the unit.

19 Repeat A-B and 1/ALL

When playing a DVD, press the Repeat A-B and 1/All Button once to designate an “A” point. Press the Repeat A-B and 1/All Button a second time to designate a “B” point and repeat the section of DVD movie between point “A” and point “B”. When playing a CD, press the Repeat A-B and 1/All Button once to repeat an individual track of a CD. Press the Repeat A-B and 1/All Button twice to repeat an entire CD.

20 Menu Button

Press the Menu Button in DVD Mode to access a DVD’s main menu.

21 Subtitle Button

In DVD Mode, press the Subtitle Button to cycle through available subtitle options for a specific DVD.

22 Play Button

Press the Play Button to play a loaded DVD or CD.

23 Title Button

In DVD Mode, press the Title Button to view the title screen on a DVD.

• *The Title Button will only work with compatible DVDs.*

24 Audio Button

In DVD Mode, press the Audio Button to cycle through available audio languages for a specific DVD.

25 Pause/Step Button

In DVD Mode, press the DVD Pause & Step Button once to pause a DVD during play. Press the DVD Pause & Step Button consecutively to skip one frame at a time while playing a DVD.

26 Search Buttons

Press the Search Buttons to search through a DVD or an individual CD track.

27 Angle Button

In DVD Mode, press the Angle Button to view alternate angles.

• *The Angle Button will only work with compatible DVDs.*

28 Zoom Button

In DVD Mode, press and hold the Zoom Button to zoom in and out during a DVD movie.

29 Setup Button

In DVD Mode, press the Setup Button to access the DVD Setup Menu.

30 TFT Set Button

Press the TFT Set Button to adjust the Contrast or Brightness of the TFT Display.

Control Definitions

31 Number Keypad

Use the Number Keypad when entering numbers in for operations.

32 Wide Button

In DVD Mode, press the Wide Button to switch between a 4:3 viewing ratio and a 16:9 (wide screen) viewing ratio.

33 Stop Button

In DVD Mode, press the Stop Button to stop a DVD or CD during play.

34 Directional Buttons

Use the Directional Buttons to navigate through a DVD or CD.

35 Slow Button

In DVD Mode, press the Slow Button to view a DVD movie in slow motion.

36 Enter Button

Press the Enter Button to select media on a DVD or CD.

37 Skip Buttons

Press the Skip Buttons to skip between DVD chapters or CD tracks.

38 Search Button

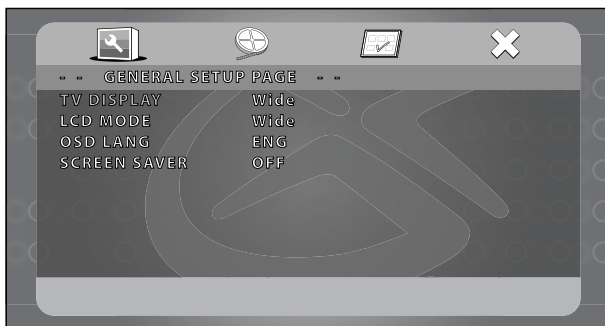

In *DVD Mode*, press the Search Button and type in, using the Number Keypad, a specific title and chapter number or DVD time, and go to that spot on the DVD immediately.

39 Program Button

In CD or DVD Mode, press the Program Button to program tracks or chapters and titles to play in a designated order. (See the Operations section for instructions on Programming a CD or DVD)

Setup Menu

To enter the Setup Menu, press the Setup Button on the remote control.

General Setup Page

TV Display - The TV Display setting is automatically locked to Wide.

LCD Mode - The LCD Mode can be switched between 4:3 (Low) or 16:9 (Wide) aspect ratios.

OSD LANG - The On-Screen-Display Language can be adjusted to English, French, or Spanish.

Screen Saver - The screen saver can be turned off or on.

Video Setup Page

TV Quality - The TV Quality setting allows the Brightness, Contrast, Hue, and Saturation to be adjusted for the output video signal.

LCD Quality - The LCD Quality setting allows the Brightness, Contrast, Hue, and Saturation to be adjusted for the LCD screen.

Preference Page

TV Type - NTSC

Audio - Use the Audio Setting to adjust the Audio Language of a loaded DVD.

Subtitle - Use the Subtitle Setting to adjust the Subtitle Language of a loaded DVD.

Disc Menu - Use the Disc Menu Setting to adjust the Disc Menu Language of a loaded DVD.

Default - Press the default setting to adjust the preferences to their default settings.

Exit

Press the Exit icon (X) to exit the setup menu.
